

Pleasant Ridge Farms West Homeowners:

October 28, 2014

The Board of Directors and Prestige Management are pleased to announce the official web site launch for Pleasant Ridge Farms West. The web site has been created to simplify and streamline communication between homeowners, residents, the Board of Directors and the management company. Please take a few moments to become familiar with and to navigate the web site. The internet address is <http://www.pleasantridgefarmswest.com>.

It is the responsibility of the *non-residential* homeowner(s) to inform, for their own use, their agents and tenants of the existence of the Pleasant Ridge Farms West web site. The Board of Directors and management company do acknowledge there are some who choose to have no internet access. For those who have no internet access they should contact the management company so they can continue to receive information/documents via regular post.

Neither the Board of Directors, the Association, or the management company will be held liable or responsible for those who choose to submit e-mail addresses from their place of employment. Neither the Board of Directors, the Association, or the management company will be accountable for, or accused of, what is termed as “spamming”.

Not only will the web site provide information for the entire community, it will also provide forms for residents to easily download and mail to the management company. In addition it will provide an option for direct electronic submission of certain forms. The web site will be utilized to promote convenient and effective communication to the community while it also will decrease costs of postage mailings; however, the web site *will not* be used to permanently replace all postage mailings.

We hope the creation and use of the web site will help streamline and provide for everyone a more convenient option for communication.

The Board of Directors
Pleasant Ridge Farms West Homeowners Association
